

First IV-FFA Friendship FlyIn 2022

on 15th of May - 14:00 UTC

Cari piloti Italiani Volanti!

Da alcuni giorni è stata avviata una collaborazione con la compagnia aerea virtuale tedesca "FeelFreeAirline". L'obiettivo della cooperazione è condividere la nostra passione per il volo simulato anche oltre il confine nazionale.

Il 15 maggio 2022, dalle 14:00 UTC (16:00 LT) vi invitiamo ad un volo congiunto da Friedrichshafen (EDNY) a Bolzano (LIPB), sorvolando Germania, Svizzera, Austria e la nostra Italia.

Il volo sarà svolto nel server "JoinFS" di FeelFreeAirline (Password: feelfree) mentre per quando riguarda l'audio possiamo sentirci nel canale vocale "Groupflight English" nel Discord di FeelFreeAirline.

La maggior parte della comunicazione avviene in inglese, ma anche i piloti che non parlano inglese sono i benvenuti e potranno volare senza problemi.

Liebe Piloten/innen der FeelFreeAirline!

Seit wenigen Tagen besteht eine Kooperation mit der italienischen, virtuellen Airline "Italiani Volanti". Ziel der Kooperation ist der Austausch der Freude an der Simulatorfliegerei über Grenzen hinweg.

Am 15. Mai 2022, ab 14:00 UTC (16:00 LT) laden wir ein zu einem gemeinsamen Flug von Friedrichshafen nach Bozen, dabei überfliegen wir Deutschland, die Schweiz, Österreich und Italien.

Der Flug wird über den "JoinFS-Server" der FeelFreeAirline (Passwort: feelfree) durchgeführt, sodass wir uns einander sehen und hier im Sprachkanal "Groupflight English" hören können.

Die Kommunikation erfolgt größtenteils in der gemeinsamen Fliegersprache Englisch, aber auch nicht englischsprechende Kollegen sind herzlich willkommen.
